

Broadcasting Decision CRTC 2005-235

Ottawa, 3 June 2005

Ross Ingram, on behalf of a corporation to be incorporated
Fredericton, New Brunswick

Application 2005-0469-8

Christian music FM radio station in Fredericton – Technical change

1. The Commission **approves** the application by Ross Ingram, on behalf of a corporation to be incorporated, to change the authorized contours of the radio programming undertaking authorized in *Christian music FM radio station in Fredericton*, Broadcasting Decision CRTC 2004-523, 26 November 2004, by increasing the effective radiated power from 25 watts to 50 watts, by decreasing the antenna height and by relocating the transmitter.
2. The licensee requested that it be allowed to relocate its transmitter for economic reasons.
3. The Department of Industry (the Department) has advised the Commission that, while this application is conditionally technically acceptable, it will only issue a broadcasting certificate when it has determined that the proposed technical parameters will not create any unacceptable interference with aeronautical NAV/COM services.
4. The Commission reminds the licensee that, pursuant to section 22(1) of the *Broadcasting Act*, this authority will only be effective when the Department notifies the Commission that its technical requirements have been met, and that a broadcasting certificate will be issued.
