

Broadcasting Decision CRTC 2007-107

Ottawa, 5 April 2007

Canadian Broadcasting Corporation

St. John's, Hopedale, Makkovik, Nain and Postville, Newfoundland and Labrador

Application 2007-0111-1

Broadcasting Public Notice CRTC 2007-16

16 February 2007

CBNT St. John's – New transmitters

1. The Commission **approves** the application by the Canadian Broadcasting Corporation (CBC) to amend the broadcasting licence for the television programming undertaking CBNT St. John's in order to operate transmitters at Hopedale, Makkovik, Nain and Postville.
2. The transmitters will enable viewers in the above-mentioned communities to receive programming originating from CBNT St. John's.
3. The Commission did not receive any interventions in connection with this application.
4. The Commission notes that the above-noted transmitters are currently operated by the CBC as a radiocommunication distribution undertaking (RDU), which rebroadcasts the programming of the CBC Northern Television Service.
5. The CBC has advised the Commission that improvements in satellite feed technology now permit it to provide these communities with the full CBNT St. John's program schedule. The CBC noted that it is thus no longer necessary that it hold a separate RDU licence for these transmitters and asked that the licence be revoked.
6. Accordingly, the Commission, pursuant to sections 9(1)(e) and 24(2) of the *Broadcasting Act*, revokes the broadcasting licence issued to the CBC with respect to the above-noted RDU.

Secretary General

This decision is to be appended to the licence. It is available in alternative format upon request and may also be examined in PDF format or in HTML at the following Internet site: <http://www.crtc.gc.ca>
