The licensee is proposing amendments to three existing conditions of licence relating to YTV as follows:

Amend condition of licence #1(a) to delete the specified percentages of programming targeted to children, youth and their families by replacing the condition of licence which currently reads:

In each broadcast year, a minimum of 30% of the programming distributed on the service shall have as its target audience children up to 5 years of age, a minimum of 48% shall have as its target audience children and youth 6 to 17 years of age, and a maximum of 22% shall have as its target audience families.

With the following condition:

Canada

The licensee shall provide a national, English-language specialty programming service targeted to children, youth and their families.

or, in the alternative with the following:

The licensee shall provide a national, English-language specialty programming service targeted to children, youth and their families. In each broadcast year, a minimum of 15% of the programming distributed on the service shall have as its target audience children up to 5 years of age, a minimum of 63% shall have as its target audience children and youth 6 to 17 years of age, and a maximum of 22% shall have as its target audience families.

Delete condition of licence #5(b) requiring that no more than two feature films be scheduled each week in the evening broadcast period.

Delete condition of licence #8 which requires that a minimum of 35% of non-Canadian programming be devoted to programs from non-North American sources, or, the applicant proposes to amend the condition of licence #8 by replacing it with the following condition:

In each broadcast year, the licensee shall devote a minimum of 15% of its non-Canadian programming to programs from non-North American sources.

The licensee states that the three conditions of licence were first attached to the licence of YTV more than 20 years ago in the initial 1987 licensing decision and are unduly restrictive and no longer appropriate.
