Application 2009-0337-9, received 10 February 2009

Gol TV – Licence amendment

1. The Commission **approves** the application by Gol TV (Canada) Ltd. to amend the broadcasting licence for the national, Category 2 specialty programming undertaking known as Gol TV (originally approved under the name of The Soccer Net) to extend, until the end of its licence term, the authority granted in Broadcasting Decision 2006-239 to allow the service to be made available for distribution in high definition (HD) format. The Commission did not receive any interventions in connection with this application.
2. Consistent with the Commission's approach to HD specialty services set out in Broadcasting Public Notice 2003-61 and 2006-74, as well as with the changes to this approach announced in Broadcasting Public Notice 2008-100, the licence shall be subject to the following **condition of licence** until the end of the current licence term:

The licensee is authorized to make available for distribution a version of its service in high definition (HD) format, provided that not less than 95% of the video and audio components of the upgraded and standard definition versions of the service, exclusive of commercial messages and of any part of the service carried on a subsidiary signal. Further, all of the programming making up the 5% allowance shall be provided in HD.
