1. The Commission is issuing corrections to paragraph 16 of *Determination of costs award with respect to the participation of the Public Interest Advocacy Centre in the Broadcast and Telecom Notice of Consultation 2010-509 proceeding*, Telecom Order CRTC 2011-322, 13 May 2011, in order to rectify the apportionment of costs among respondents according to their most recent telecommunications operating revenues (TORs). The changes are highlighted below in bold italics:

16. The Commission considers that, in the present circumstances, it is appropriate to apportion the costs among the respondents in proportion to their TORs, based on their most recent audited financial statements. Accordingly, the Commission finds that the responsibility for payment of costs should be allocated as follows:
