Bell Canada – *Ex parte* application

File number: Tariff Notice 7294

1. The Commission **approves on an interim basis**, effective 1 March 2011, the *ex parte* application¹ by Bell Canada dated 15 December 2010.
2. In order that the application may be available for public examination, consistent with the *CRTC Telecommunications Rules of Procedure*, the company is directed to file with the Commission, on or before 1 March 2011, an electronic version of the application for the Commission website. Among other things, Telecom Information Bulletin 2010-455² allows interveners to comment, within 25 days, on Group B tariff applications that have been placed on the public record.

Secretary General

¹ An *ex parte* application is an application that has been filed with the Commission without notice to the public and, as such, is not placed on the public record when initially filed. An *ex parte* decision is one in which the Commission disposes of an application solely on the basis of the applicant's submissions. Subsection 61(3) of the *Telecommunications Act* allows the Commission to make an *ex parte* decision where it considers that the circumstances of the case justify it. In *Review of regulatory framework*, Telecom Decision CRTC 94-19, 16 September 1994, the Commission set out several considerations to be balanced in any determination to permit *ex parte* tariff filings, including the public interest in the effective operation of the competitive marketplace and the public interest in an open regulatory process.
