

Broadcasting Decision CRTC 2005-222

Ottawa, 27 May 2005

Rogers Broadcasting Limited
North Bay, Ontario

Application 2005-0489-6

CKFX-FM North Bay – Technical change

1. The Commission **approves** the application by Rogers Broadcasting Limited to change the authorized contours of the radio programming undertaking CKFX-FM North Bay, by increasing the average effective radiated power (ERP) from 68,000 watts to 100,000 watts.
2. The licensee indicated that the ERP had previously been set at 68,000 watts due to a limitation that is no longer in place.
3. The Commission reminds the licensee that, pursuant to section 22(1) of the *Broadcasting Act*, this authority will only be effective when the Department of Industry notifies the Commission that its technical requirements have been met, and that a broadcasting certificate will be issued.

Secretary General
