

## Broadcasting Decision CRTC 2005-414

Ottawa, 16 August 2005

**Canadian Broadcasting Corporation**  
Edmonton and Red Deer, Alberta

*Application 2005-0441-6*  
*Broadcasting Public Notice CRTC 2005-63*  
*22 June 2005*

### **CBXFT Edmonton and its transmitter CBXFT-4 Red Deer – Technical change**

1. The Commission **approves** the application by the Canadian Broadcasting Corporation to change the authorized contours of the transmitter CBXFT-4 Red Deer, by increasing the average effective radiated power from 2,370 watts to 4,340 watts.
2. The licensee indicated that the change is required because it intends to replace the antenna system for the purpose of accommodating its new English-language television service at Red Deer.
3. The Commission reminds the licensee that, pursuant to section 22(1) of the *Broadcasting Act*, this authority will only be effective when the Department of Industry notifies the Commission that its technical requirements have been met, and that a broadcasting certificate will be issued.

Secretary General
