

## Broadcasting Decision CRTC 2005-537

Ottawa, 31 October 2005

**Corus Premium Television Ltd.**  
Hamilton, Ontario

*Application 2005-0675-1*  
*Broadcasting Public Notice CRTC 2005-87*  
*7 September 2005*

### **CING-FM Hamilton – Use of the SCMO channel**

1. The Commission **approves** the application by Corus Premium Television Ltd., (Corus Premium) licensee of CING-FM Hamilton, for authority to use a subsidiary communications multiplex operations (SCMO) channel<sup>1</sup> for the purpose of broadcasting a predominantly Tamil-language radio service.
2. The Commission did not receive any interventions in connection with this application.
3. The Commission's policy regarding services using the SCMO channel of FM stations is set out in *Services using the vertical blanking interval (television) or subsidiary communications multiplex operation (FM) channel*, Public Notice CRTC 1989-23, 23 March 1989 (Public Notice 1989-23).
4. The policy states that the Commission would be concerned if an SCMO service were to have a negative impact on existing local conventional ethnic broadcasters. No such broadcaster opposed this application. The Commission is satisfied that approval of this application will not cause undue negative impact on existing local conventional ethnic radio stations.
5. The Commission reminds Corus Premium that as stated in section 3(1)(h) of the *Broadcasting Act*, it is responsible for the programs that it broadcasts. It is therefore expected to ensure that its SCMO service is operated in a responsible manner and to adhere to the guidelines regarding the provision of SCMO services set out in Appendix A to Public Notice 1989-23.

---

<sup>1</sup> Programming broadcast using an SCMO channel is not accessible with standard radio equipment, and requires instead the use of a special receiver.

6. The Commission reminds the licensee that, pursuant to section 22(1) of the *Broadcasting Act*, this authority will only be effective when the Department of Industry notifies the Commission that its technical requirements have been met, and that a broadcasting certificate will be issued.

Secretary General
