3. **Toronto, Ontario**
Application No. 2005-0064-6

Application by **Trumar Communications Inc.** relating to the licence of radio programming undertaking CFMX-FM-1 Toronto.

The licensee proposes to change the authorized contours by increasing the average effective radiated power from 13,300 to 24,500 watts (maximum effective radiated power from 30,000 to 60,000 watts).

The licensee states that the proposed changes will result in a better quality signal by reducing adjacent channel interference and by strengthening the signal reception in certain areas.

Licensee's address:

550 Queen Street East
Suite 205
Toronto, Ontario
M5A 1V2
Fax: (416) 367-1742

5. **Winnipeg, Manitoba**
Application No. 2005-0070-4

Application by **Standard Radio Inc.** relating to the licence of radio programming undertaking CKMM-FM Winnipeg.

The licensee proposes to change the authorized contour by decreasing the average effective radiated power from 100,000 to 70,000 watts, by relocating its transmitter and by increasing its antenna height from 110 to 206.1 metres.

The authorized contour of the station will be increased as a result of the proposed changes.

Licensee's address:

2 St. Clair Avenue West
Toronto, Ontario
M4V 1L6
Fax: (416) 922-9999
E-Mail: gary.slaight@standardradio.com

6. **Kitimat, British Columbia**
Application No. 2005-0173-5

Application by **Standard Radio Inc.** relating to the licence of radio programming undertaking CJFW-FM Terrace, British Columbia.

The licensee proposes to change the authorized contour of its transmitter CJFW-FM-1 Kitimat by increasing the effective radiated power from 50 to 170 watts, by relocating the transmitter and decreasing the antenna height from -59.5 metres to -282.2 metres.

The licensee states that the current tower is being dismantled.

The Commission notes that the contour of the station will be increased significantly as a result of the proposed increase in power. The Commission also notes that the increase in power will result in a change of the CJFW-FM-1 status from a low power unprotected service to a regular Class A1 transmitter.

Licensee's address:

The intervention must be received by the CRTC and by the applicant on or before the above-mentioned date. The Commission cannot be held responsible for postal delays.

Your intervention will be considered by the Commission, and will form part of the public record of the proceeding without further notification to you, provided the procedure set out below has been followed. You will be contacted only if your submission raises procedural questions.

Submit your written intervention to the Secretary General of the Commission in **only one** of the following formats:

by using the
Broadcasting Intervention/Comments Form
located below the description of each application within this public notice

or

by mail to
CRTC, Ottawa, Ontario K1A 0N2

or

by fax at
(819) 994-0218

A true copy must be sent to the applicant and proof that this has been done must accompany the intervention sent to the Commission.

The Commission advises those who file and serve by electronic mode to exercise caution when using e-mail for service of documents or notification, as it may be difficult to establish that service has occurred.

Before initiating service through electronic mode, please ensure that you will be able to satisfy the Commission, upon request, that service of the notification was completed.

Where the intervention is filed by electronic means, the line *****End of document***** should be entered following the last paragraph of the document, as an indication that the document has not been damaged during electronic transmission.

Each paragraph of the document should be numbered.

Your intervention should clearly identify the application and indicate whether you support or oppose the application, or if you propose changes to it, include the facts and grounds for your proposal.

Important

All information submitted, including your email address, name and any other personal information as provided, will become part of the public record and can be viewed on the Commission's Web site.

Documents sent in electronic format will be put on the Commission's Web site exactly as we received them, and in the official language and format in which they are sent. Documents not received electronically will be scanned and put on the Web site.

Examination of Documents

An electronic version of applications is available from the Commission's web site by selecting the application number within this notice.

A list of all interventions/comments will also be available on the Commission's Web site. An electronic version of all interventions/comments submitted will be accessible from this list. To access the list, select "Lists of interventions/comments" under "Public Proceedings" from the Commission's Web site.

Documents are also available during normal office hours at the local address provided in this notice and at the Commission offices and documentation centres directly involved with these applications or, upon request, within 2 working days, at any other CRTC offices and documentation centres.
