Application 2005-1395-4
Broadcasting Public Notice CRTC 2006-76
15 June 2006

CKWF-FM Peterborough – Licence renewal

1. The Commission **renews** the broadcasting licence for the English-language commercial radio programming undertaking CKWF-FM Peterborough, from 1 September 2006 to 31 August 2013.
2. The Commission received an intervention in support of this application.
3. The licence will be subject to the **conditions** set out in *New licence form for commercial radio stations*, Public Notice CRTC 1999-137, 24 August 1999.
4. The Commission reminds the licensee that it must fulfill all of the commitments to benefits described in *Acquisition of assets*, Decision CRTC 2000-87, 24 March 2000, in which the Commission approved an application by 5191987 B.C. Ltd., 5191989 B.C. Ltd., 5191991 B.C. Ltd. and 5191992 B.C. Ltd. to acquire the assets of all radio (including the assets of a French-language radio network) and television programming undertakings from Power Broadcasting Inc./Diffusion Power inc. and Télévision de la Baie des Chaleurs inc. located in Ontario, Quebec and New Brunswick.
5. The Commission reminds the licensee that the technical amendment approved in *CKWF-FM – Technical change*, Broadcasting Decision CRTC 2004-77, 5 February 2004 will only be effective when the Department of Industry (the Department) has advised the Commission that the proposed technical parameters will not create any unacceptable interference with aeronautical NAV/COM services.
6. The Commission also reminds the licensee that, pursuant to section 22(1) of the *Broadcasting Act*, the authority for the amendment noted above will only be effective when the Department notifies the Commission that its technical requirements have been met, and that a broadcasting certificate will be issued.

7. Because this licensee is subject to the *Employment Equity Act* and files reports concerning employment equity with the Department of Human Resources and Skills Development, its employment equity practices are not examined by the Commission.
