### **TELUS Communications Company – Application for forbearance from the regulation of residential local exchange services - Correction**

1. In *TELUS Communications Company – Application for forbearance from the regulation of residential local exchange services*, Telecom Decision CRTC 2007-84, 10 September 2007, the Commission approved an application from Telus Communications Company (TCC)<sup>1</sup> requesting forbearance from the regulation of residential local exchange services in nine exchanges in Québec. The exchanges were listed in Appendix 1 to that decision.
2. One of those exchanges was named erroneously. Because TCC's application inadvertently included the exchange of Saint-Lambert, Appendix 1 to Telecom Decision 2007-84 incorrectly included Saint-Lambert in the list of exchanges for which forbearance was approved by the Commission. The correct exchange is Saint-Lambert-de-Lauzon, with the postal code G0S 2W0, and longitude and latitude coordinates 46.582586, -71.258820.
3. This erratum is being issued in order to correct that error. The list of the forborne exchanges in Appendix 1 to Telecom Decision 2007-84 is revised to replace Saint-Lambert with Saint-Lambert-de-Lauzon, as shown below.

#### **Appendix 1**

##### **List of exchanges**

Baie-Comeau (Marquette sector)  
Baie-Comeau (Hauterive sector)  
Matane  
Mont-Joli  
Montmagny  
Port Cartier  
Sept-Îles

---

<sup>1</sup> TCC is now known as TELUS Communications Inc.

Saint-Georges-de-Beauce  
Saint-Lambert-de-Lauzon

4. The [list](#) on the CRTC website of forborne local exchanges in Quebec will also be corrected accordingly.
