2. **Toronto, Ontario**
Application No. 2007-0401-6

Application by **San Lorenzo Latin American Community Centre** relating to the licence of the Type B ethnic community AM radio programming undertaking CHHA Toronto, Ontario.

The licensee proposes to change the authorized contours by increasing the daytime transmitter power from 1,000 watts to 10,000 watts.

In Broadcasting Decision CRTC 2007-30, 25 January 2007, the Commission approved an application to change the authorized contours of CHHA by relocating the transmitter. The licensee had indicated that the relocation of the transmitter had been requested by Industry Canada to correct interference problems.

The licensee indicates that the proposed increase in power would restore its radio signal to areas which lost coverage following the above-noted relocation of the transmitter.
