Item Applicant and Locality

1. **The Haliburton Broadcasting Group Inc.**
Elliot Lake, Ontario
Application No. 2007-0853-9
2. **Standard Radio Inc.**
Enderby and Sicamous, British Columbia
Application Nos. 2007-0909-0 and 2007-0910-8
3. **Westwave Broadcasting Inc.**
Powell River, British Columbia
Application No. 2007-0924-8

1. **Elliot Lake, Ontario** **Application No. 2007-0853-9**

Application by **The Haliburton Broadcasting Group Inc.** (HBG) to amend the licence of the commercial English-language radio programming undertaking CKNR-FM Elliot Lake, Ontario.

The licensee proposes to add an FM transmitter at Elliot Lake to broadcast the programming of CKNR-FM in order to adequately serve the population of Elliot Lake.

The transmitter would operate on frequency 98.7 MHz (channel 254LP) with an effective radiated power of 50 watts (non-directional antenna/effective antenna height of -5 metres).

HBG indicates that the new transmitter would improve the quality of coverage in the north part of the town of Elliot Lake.

2. **Enderby and Sicamous, British Columbia**
Application Nos. 2007-0909-0 and 2007-0910-8

Applications by **Standard Radio Inc.** (Standard) to amend the licence of the English-language commercial radio programming undertaking CKXR-FM Salmon Arm, British Columbia.

The licensee proposes to add FM transmitters at Enderby and Sicamous, British Columbia to broadcast the programming of CKXR-FM, in order to serve the population of these locations.

The transmitter at Enderby would operate on frequency 104.3 MHz (channel 282A1) with an effective radiated power of 210 watts (non-directional antenna/effective antenna height of 84 metres).

The transmitter at Sicamous would operate on frequency 102.1 MHz (channel 271A1) with an effective radiated power of 200 watts (non-directional antenna/effective antenna height of -169.2 metres).

The licensee advises that when the AM station CKXR Salmon Arm switched to the FM band and commenced broadcasting in November 2006, several communities that previously enjoyed service from CKXR no longer received the signal due primarily to the mountainous topography of the region.

Standard further states that it applied to the Commission to continue the simulcast period of the programming of CKXR-FM on the AM station CKXR which was approved in Broadcasting Decision CRTC 2007-122, 2 May 2007, in order to ensure that service could be maintained in these communities until such time as FM repeaters could be installed.

3. **Powell River, British Columbia**
Application No. 2007-0924-8

Application by **Westwave Broadcasting Inc.** to amend the licence of the English-language commercial radio programming undertaking CKAY-FM Sechelt, British Columbia.

The licensee proposes to add an FM transmitter at Powell River, British Columbia to broadcast the programming of CKAY-FM, in order to serve the population of Powell River.

The transmitter would operate on frequency 105.3 MHz (channel 287B) with an effective radiated power of 3,000 watts (non-directional antenna/effective antenna height of 408 metres).

The licensee advises that the proposed repeater will provide a vital communication link between the Upper and Lower Sunshine Coast areas of the B.C. Mainland.

Deadline for Interventions/Comments

13 August 2007

The intervention must be received by the CRTC and by the applicant on or before the above-mentioned date. The Commission cannot be held responsible for postal delays.

Your intervention will be considered by the Commission, and will form part of the public record of the proceeding without further notification to you, provided the procedure set out below has been followed. You will be contacted only if your submission raises procedural questions.

Submit your written intervention to the Secretary General of the Commission in **only one** of the following formats:

by using the
[\[Broadcasting intervention/comments form\]](#)

or

by mail to
CRTC, Ottawa, Ontario K1A 0N2

or

by fax at
819-994-0218

A true copy must be sent to the applicant and proof that this has been done must accompany the intervention sent to the Commission.

The Commission advises those who file and serve by electronic mode to exercise caution when using e-mail for service of documents or notification, as it may be

difficult to establish that service has occurred.

Before initiating service through electronic mode, please ensure that you will be able to satisfy the Commission, upon request, that service of the notification was completed.

Where the intervention is filed by electronic means, the line *****End of document***** should be entered following the last paragraph of the document, as an indication that the document has not been damaged during electronic transmission.

Each paragraph of the document should be numbered.

Your intervention should clearly identify the application and indicate whether you support or oppose the application, or if you propose changes to it, include the facts and grounds for your proposal.

Important notice

Note that all information that you provide as part of this public process, except information granted confidentiality, whether sent by postal mail, facsimile, e-mail or through the Commission's web site at www.crtc.gc.ca, becomes part of a publicly accessible file and will be posted on the Commission's web site. This information includes your personal information, such as your full name, e-mail address, postal/street address, telephone and facsimile number(s), and any other personal information you provide.

The personal information you provide will be used and may be disclosed for the purpose for which the information was obtained or compiled by the Commission, or for a use consistent with that purpose.

Documents received electronically or otherwise will be put on the Commission's web site in their entirety exactly as you send them, including any personal information contained therein, in the official language and format in which they are received. Documents not received electronically will be available in PDF format.

Please note that the information you provide to the Commission as part of this public process is entered into an unsearchable database dedicated to this specific public process. This database is accessible only from the webpage of this particular public process. As a result, a general search of our website with the help of either our own search engine or a third-party search engine will not provide access to the information which was provided as part of this public process.

Examination of Documents

An electronic version of applications is available from the Commission's web site by selecting the application number within this notice.
