Conditions of licence and encouragement

Conditions of licence

1. In each broadcast week, a minimum of 35% of all musical selections from category 2 (Popular Music) shall be devoted to Canadian selections broadcast in their entirety.
2. The licensee shall adhere to the Canadian Association of Broadcasters' *Equitable Portrayal Code*, as amended from time to time and approved by the Commission. However, the application of the foregoing condition of licence will be suspended if the licensee is a member in good standing of the Canadian Broadcast Standards Council.
3. The licensee shall adhere to the Canadian Association of Broadcasters' *Broadcast Code for Advertising to Children*, as amended from time to time and approved by the Commission.

Encouragement

The Commission encourages the licensee, should it wish to broadcast wrap-around programming after its daily sign-off, to use programming obtained from another Native radio station or network.
