### Notice of hearing

**26 April 2010**

**National Capital Region**

**Review of community television policy framework**

### Document withdrawn from the public file

1. On 1 December 2009, the Commission placed a study entitled *Community Television Policies and Practices Around the World* on its website for consideration as part of its review of the community television policy framework. The study was prepared by TimeScape Productions.
2. A number of licensees of broadcasting distribution undertakings have expressed concern that given the author's active participation in Commission proceedings, there is a conflict of interest and the study should not be on the public record as a report that was prepared on behalf of the Commission. In light of these concerns, the Commission is withdrawing the study from the public record of this proceeding.
