1. **Mont-Laurier, Quebec**
Application No. 2009-1236-2

Application by **9116-1299 Québec inc.** to amend the broadcasting licence for the French-language FM commercial radio programming undertaking CFOR-FM Maniwaki.

The licensee proposes to add an FM transmitter in Mont-Laurier to broadcast the programming of CFOR-FM, in order to adequately serve the population of Mont-Laurier.

The transmitter would operate on frequency 98.3 MHz (channel 252LP) with an effective radiated power of 50 watts (non-directional antenna with an effective height of the antenna above average terrain of 32.9 metres).

The licensee states that this application is consistent with the Commission's diversity of voices policy, and more specifically, the diversity of editorial, musical, cultural, local and regional voices, and that the addition of a transmitter in Mont-Laurier to broadcast the programming of CFOR-FM would meet the expectations of the population and of business owners.
