Various locations

### Administrative renewals

1. The Commission **renews** the broadcasting licences for the transitional digital radio programming undertakings set out in Appendix 1 to this decision, from 1 January 2010 to 31 August 2011, subject to the terms and conditions in effect under the current licences.
2. Under the Commission's current practice, if an undertaking is not operational within the authorized timeframe, the authority for that undertaking lapses. Although the Commission has granted several extensions to the time limits for the commencement of operation of the transitional digital radio programming undertakings listed in Appendix 2 to this decision, several of these undertakings are yet to be implemented and others are no longer operating. In accordance with paragraph 45 of *Digital Radio Policy*, Broadcasting Public Notice 2006-160, 15 December 2006, the authority for any of these undertakings will lapse if the undertaking is not in operation by 31 December 2009.
3. This decision does not dispose of any substantive issue that may exist with respect to those licences being renewed and interested parties will have an opportunity to comment at the appropriate time.
