Route reference: 2009-787

Ottawa, 28 May 2010

### Various radio programming undertakings

Across Canada

*The application numbers are set out in this decision.*

### Licence renewals

1. The Commission **renews** the broadcasting licences for the radio programming undertakings set out below from 1 June 2010 to 31 August 2016. The licences will be subject to the **conditions of licence** set out in the appropriate appendices to this decision.
2. The Commission received interventions supporting CTV Limited's applications as well as a comment from the Association québécoise de l'industrie du disque, du spectacle et de la vidéo (ADISQ) with respect to the applications by Radio Beauce inc., 9183-9084 Québec inc., Radio Mégantic ltée, 9022-6242 Québec inc., Cogeco Diffusion inc., Réseau des Appalaches (FM) ltée and Groupe Radio Antenne 6 inc.
3. In its comment, ADISQ deplored the fact that the Commission did not conduct any compliance evaluation of the musical programming of these stations throughout the licensees' last licence term. With regard to Canadian content development contributions, ADISQ noted that it could unfortunately not obtain all the information that would have enabled it to assess the stations' compliance with all of their requirements throughout the last licence term.
4. The Commission did not receive any intervention in connection with the other applications. As part of this process, the Commission considered the interventions and replies received with respect to each of the applications. The public record for the proceeding is available on the Commission's website at [www.crtc.gc.ca](http://www.crtc.gc.ca) under "Public Proceedings."
5. The Commission reminds licensees that they must fulfil all of their remaining contributions to Canadian talent development set out in a prior Commission decision.
