### Applicant and Locality

Benito, Manitoba  
Application No. 2010-0966-3

### 1. **Benito, Manitoba** **Application No. 2010-0966-3**

Application by **Stillwater Broadcasting Ltd.** to amend the broadcasting licence for the radio programming undertaking CJSB-FM Swan River, Manitoba.

The licensee proposes to add an FM transmitter in Benito to broadcast the programming of CJSB-FM in order to adequately serve the population of Benito.

The licensee states that Benito was originally identified as a service area for CJSB-FM and that the current signal of the station is not well received in this area.

The transmitter would operate on frequency 99.1 MHz (channel 256LP) with an effective radiated power of 50 watts (non-directional antenna with an effective height of antenna above average terrain of 24 metres).

The Commission notes that the population served within the 3 mV/m contour would be 25, and within the 0.5 mV/m contour, 370.

It appears to the Commission that the licensee may have failed to comply with the *Radio Regulations 1986* regarding its Canadian content development contributions in 2009. The licensee contributed more than the basic amount required, but failed to distribute 60% of that basic amount to FACTOR or MUSICATION.

#### **Deadline for interventions**

**23 September 2010**

The intervention must be received by the Commission and by the applicant on or before the above-mentioned date.

The Commission cannot be held responsible for postal delays and will not notify a party whose intervention is received after the deadline date. In such a case, the intervention will not be considered by the Commission and will not be part of the public file.

Interventions will be considered by the Commission and will form part of the public record of the proceeding without further notification to intervening parties, provided the procedure set out below has been followed. Parties will be contacted only if their submissions raise procedural questions.

Written interventions should be submitted to the Secretary General of the Commission in **only one** of the following formats:

**by using the**

or

**by mail to**

CRTC, Ottawa, Ontario K1A 0N2

or

**by fax at**  
819-994-0218

A true copy must be sent to the applicant, and proof that this has been done must accompany the intervention sent to the Commission.

The Commission advises those who file and serve by electronic mode to exercise caution when using e-mail for service of documents or notification, as it may be difficult to establish that service has occurred.

Parties must ensure that, before initiating service through electronic mode, they will be able to satisfy the Commission, upon request, that service of the notification was completed.

Submissions longer than five pages should include a summary.

Each paragraph of the submission should be numbered. In addition, where the intervention is filed by electronic means, the line **\*\*\*End of document\*\*\*** should be entered following the last paragraph of the document, as an indication that the document has not been damaged during electronic transmission.

Interventions should clearly identify the application referred to and indicate whether parties support or oppose the application, or, if they propose changes to it, include the facts and grounds for their proposal.
