### **TELUS Communications Company – Application for forbearance from the regulation of residential local exchange services**

File number: 8640-T69-200904690

#### **Correction**

1. The Commission is issuing a correction to paragraph 8 of the English version of *TELUS Communications Company – Application for forbearance from the regulation of residential local exchange services*, Telecom Decision CRTC 2010-704, 23 September 2010. The correction is highlighted below in bold italics.

8. For the exchanges of Batiscan, Causapscal, Sainte-Anne-de-la-Pérade, Saint-Stanislas, Saint-Tite, and Saint-Ulric, the Commission notes that there is at least one independent mobile wireless facilities-based telecommunications service provider capable of serving at least 75 percent of the number of residential local exchange service lines that TCC is capable of serving.<sup>1</sup> However, the Commission notes that *Cogeco*, the only other fixed-line, facilities-based telecommunications service provider in this exchange, is not capable of serving at least 75 percent of the number of residential local exchange service lines that TCC is capable of serving in this exchange.
