Application 2010-1638-7, received 29 November 2010

CKTM-TV Trois-Rivières – Licence amendment

1. The Commission **approves** the application by the Canadian Broadcasting Corporation to amend the broadcasting licence for the French-language conventional television programming undertaking CKTM-TV Trois-Rivières to add a post-transition digital transmitter in order to serve the population of Trois-Rivières. The Commission did not receive any interventions in connection with this application.
2. The new post-transition digital transmitter will operate on channel 28 with an average effective radiated power (ERP) of 17,900 watts (maximum ERP of 38,900 watts with an effective height of antenna above average terrain of 314.6 metres).
3. The Commission reminds the licensee that, pursuant to section 22(1) of the *Broadcasting Act*, the licence amendment will not be in effect until the Department of Industry notifies the Commission that its technical requirements have been met and that a broadcasting certificate has been issued.
4. The transmitter must be operational at the earliest possible date and in any event no later than 31 August 2011. The Commission expects the licensee to inform it in writing once this transmitter is in operation.
