Fact-finding exercise on the over-the-top programming services in the Canadian broadcasting system – Correction

1. In the French version of Broadcasting and Telecom Notice of Consultation 2011-344, the Commission erroneously indicated that the Over-The-Top Services Working Group described itself as composed of 35 public sector executives. It in fact described itself as composed of 35 private sector executives. Consequently, the Commission replaces the second sentence of paragraph 8 in the French version with the following sentence:

Le groupe de travail se décrit comme un groupe composé de « 35 cadres supérieurs du secteur privé œuvrant au Canada dans les domaines de la distribution, des télécommunications, de la radiodiffusion, de la production et de la création ».
