Ottawa, 9 February 2012

Cochrane Polar Bear Radio Club
Cochrane, Ontario

Application 2011-0906-7

CFDY-FM Cochrane – New transmitter in Smooth Rock Falls – Correction

1. In *CFDY-FM Cochrane – New transmitter in Smooth Rock Falls*, Broadcasting Decision CRTC 2011-700, 10 November 2011 (Broadcasting Decision 2011-700), the Commission erroneously referred to CFDY-FM Cochrane as a commercial radio programming undertaking. The Commission notes that CFDY-FM is in fact a community radio programming undertaking.
2. Accordingly, the Commission hereby corrects Broadcasting Decision 2011-700 by replacing paragraph 1 of that decision with the following:
 1. The Commission **approves** the application by Cochrane Polar Bear Radio Club (Cochrane) to amend the broadcasting licence for the English-language community radio programming undertaking CFDY-FM Cochrane, Ontario, by adding an FM transmitter in Smooth Rock Falls. The Commission did not receive any interventions in connection to this application.

Secretary General
