Public hearing in Miramichi, New Brunswick
16 January 2012*

Terrestrial broadcasting distribution undertaking to serve Toronto

*The Commission **approves** an application for a broadcasting licence to operate a terrestrial broadcasting distribution undertaking to serve Toronto.*

The application

1. The Commission received an application by Novus Entertainment Inc. (Novus) for a broadcasting licence to operate a terrestrial broadcasting distribution undertaking (BDU) to serve Toronto, Ontario. The Commission did not receive any interventions in connection with this application.
2. Novus is owned and controlled by Terrence C. Hui.
3. Novus requested authorization to:
 - distribute, as part of its basic service, the signals of WIVB-TV (CBS), WGRZ-TV (NBC), WKBW-TV (ABC), WUTV (FOX), and WNED-TV (PBS) Buffalo, New York; and
 - distribute, on a digital discretionary basis, the non-Canadian services WNYO (MyTV) and WNLO (CW23) Buffalo, New York.
4. Novus indicated its willingness to accept a condition of licence requiring it to provide one or more simple means of accessing described programming, whether in an open or embedded format. It further committed to meet the requirements regarding customer service and information set out in Broadcasting and Telecom Regulatory Policy 2009-430 (the Accessibility Policy).

Commission's analysis and decision

5. The Commission notes that the authorizations requested by the applicant are consistent with authorizations previously granted by the Commission in similar cases. Consequently, the Commission **approves** the application by Novus Entertainment Inc. for a broadcasting licence to operate a terrestrial broadcasting distribution undertaking to serve Toronto. The licence will be subject to the **conditions** specified therein, as well as to the terms and **conditions of licence** set out in the appendix to this decision.

Other matters

General authorizations for broadcasting distribution undertakings

6. The Commission notes that under the conditions specified in its licence, a BDU is authorized to distribute any service and to undertake any activity authorized in Broadcasting Regulatory Policy 2011-522, as amended from time to time, under the terms and conditions set out therein.

Implementation of the Commission's determinations regarding accessibility of services

7. In the Accessibility Policy, the Commission stated its intention to impose on BDUs a number of requirements and expectations pertaining to customer service, access to described video and accessibility of programming. **Conditions of licence**, requirements and expectations to improve accessibility are set out in the appendix to this decision.
8. Further, in Broadcasting Regulatory Policy 2010-622, the Commission stated that it intended to impose conditions of licence requiring licensed BDUs that operate community channels to caption 100% of original licensee-produced programming by the end of the licence term. The Commission also indicated that it expected licensed BDUs to ensure that 100% of original access programming on the community channel is captioned by the end of the licence term. Finally, the Commission stated that it intended to impose conditions of licence requiring licensed BDUs that operate a community channel to provide audio description for all information programs and for news programming (that is, the voice-over of key textual, graphic design and still image elements, such as phone numbers, stock information or weather maps that are posted on the screen). **Conditions of licence** and/or expectations to this effect are set out in the appendix to this decision.
9. The Commission notes that it may impose further conditions of licence respecting accessibility matters five years into the licence term, if deemed appropriate.

Mandatory distribution of 9(1)(h) services

10. The Commission reminds the applicant that it will be required to distribute within its licensed area all services licensed for mandatory carriage as part of the basic service of distribution undertakings pursuant to section 9(1)(h) of the *Broadcasting Act*.
