Various campus and community radio licensees

Various locations across Canada

The application numbers are set out in Appendices 1 and 2 to this decision.

Campus and community radio stations – Licence renewals

1. The Commission **renews** the broadcasting licences for the campus and community radio programming undertakings set out in Appendices 1 and 2 to this decision from 1 January 2014¹ to 31 August 2020. The **conditions of licence** for each station are set out in the appropriate appendices.

Interventions

2. The Commission received interventions supporting the applications by Campus Radio Saint John Inc., Humber Communications Community Corporation, Pickering College Campus Radio, The Winnipeg Campus/Community Radio Society, Coastal Community Radio Co-operative Limited, Kootenay Cooperative Radio and Powell River Community Radio Society.
3. The Commission also received interventions in comment by the Province of British Columbia, the Province of Manitoba and the Province of Ontario relating to the participation of the stations in their jurisdictions in the National Public Alerting System (NPAS). The public record for these applications can be found on the Commission's website at www.crtc.gc.ca under "Public Proceedings."
4. As specified in its three-year plan, the Commission will be looking at measures to ensure the participation of Canadian broadcasters and telecommunications service providers in the NPAS. Therefore, the Commission will not impose conditions of licence requiring the participation of broadcasters in the NPAS at this time. However, the Commission expects all licensees to voluntarily participate in the NPAS so that Canadians receive timely warnings of imminent perils.

¹ The original expiry date for these stations' licences was 31 August 2013. The broadcasting licences were administratively renewed until 31 December 2013 in Broadcasting Decision 2013-418.

CIAM-FM Fort Vermilion's previous non-compliance

5. In Broadcasting Decision 2010-437, the Commission renewed CIAM-FM's licence for a short-term period of three years, given the station's non-compliance with section 9(2) of the *Radio Regulations, 1986* relating to the filing of annual returns for the 2007-2008 broadcast year. The Commission notes that the non-compliance issues have been resolved. In addition, the Commission notes that in the last licence term, the licensee was in compliance with its regulatory requirements.

Reminder

6. Pursuant to section 22 of the *Broadcasting Act*, the Commission reminds the licensees that the broadcasting licences will cease to have any force or effect if the broadcasting certificates issued by the Department of Industry lapse.

Expectation

Filing of ownership information

7. As set out in Broadcasting Regulatory Policy 2010-499, the Commission expects all community and campus licensees to file yearly updates on the composition of their boards of directors. These annual updates can be submitted at the time of submission of annual returns, following annual board of directors' elections or at any other time. As noted in Appendix 3 to that policy, licensees may submit such documentation via the Commission's website.

Encouragement

Employment equity

8. The Commission considers that campus and community radio stations should be particularly sensitive to employment equity issues in order to reflect fully the communities they serve. It encourages the licensees to consider these issues in their hiring practices and in all other aspects of their management of human resources.
