Bell Aliant Regional Communications, Limited Partnership and Bell Canada – Monthly payment amount for installation of legacy business Gateway Access Service accesses

File numbers: 8740-B54-201312660, 8740-B2-201312678, Bell Aliant Tariff Notice 456, and Bell Canada Tariff Notice 7404

Correction

1. The Commission hereby replaces the summary and paragraphs 3, 13, and 19 of *Bell Aliant Regional Communications, Limited Partnership and Bell Canada – Monthly payment amount for installation of legacy business Gateway Access Service accesses*, Telecom Order CRTC 2014-22, 24 January 2014, with the following summary and paragraphs (changes are in bold italics):

*In this order, the Commission approves **on a final basis** a request by Bell Aliant and Bell Canada to increase the monthly payment amount of the service charge for installing legacy business Gateway Access Service accesses from \$1.00 to \$1.50 per month per access, under payment option 3 of their tariffs. The Commission also approves CNOC's request that contractually committed independent service providers be permitted to select a different installation charge payment option for new accesses due to this increase. The Commission denies CNOC's request that the current \$1.00 monthly payment be grandfathered for existing business accesses. Therefore, the revised business monthly payment amount of \$1.50 **applies** to all existing and new accesses for independent service providers under payment option 3.*

3. The Commission received applications from the Bell companies, dated 12 September 2013, proposing to increase the monthly service charge payment (monthly payment) for business accesses under option 3 to \$1.50, to match the existing monthly payment for residential accesses. The Bell companies filed 12 months of data to support the proposed increase. *The Commission approved the Bell companies' applications on an interim basis in Telecom Order CRTC 2013-516, 26 September 2013, with an effective date of 28 October 2013.*

13. In light of the above, the Commission **approves on a final basis** the Bell companies' proposed increase, to \$1.50 per month per business access, in the monthly payment under option 3, effective **28 October 2013**.

19. In light of the above, the Commission **denies** CNOC's request to grandfather the current \$1.00 business GAS monthly payment for existing accesses under option 3. Therefore, as of **28 October 2013**, the revised business monthly payment amount of \$1.50 **applies** to all existing and new accesses for independent service providers under option 3.
