Addition of NTN24 to the *List of non-Canadian programming services authorized for distribution*

*The Commission **approves** an application to add NTN24 to the List of non-Canadian programming services authorized for distribution (the list) and amends the list accordingly. The revised list is available on the Commission's website at www.crtc.gc.ca under "Broadcasting Sector."*

Introduction

1. The Commission received an application from Bell Canada to add NTN24 (Nuestra Tele Noticias) to the *List of non-Canadian programming services authorized for distribution* (the list). The Commission received an intervention in support of this application.
2. Bell Canada described NTN24 as a third-language 24-hour news service (100% Spanish) originating from Colombia that provides daily news, analysis, opinion, sports and entertainment news programs to viewers around the world. Its target audience would consist of Spanish-speaking Canadians.
3. In Broadcasting Public Notices 2004-96 and 2008-100, the Commission stated that requests to add non-Canadian general interest third-language services to the list would generally be approved, subject to any requirement it deemed appropriate. In Broadcasting Public Notice 2008-100, the Commission stated that non-Canadian third-language services that provide narrowly targeted or "niche" programming would be subject to the same approach as non-Canadian general interest third-language services.
4. Moreover, in regard to non-Canadian news services, the Commission considers a more open-entry approach to be consistent with the importance it places on a diversity of editorial points of view. Consequently, in Broadcasting Public Notice 2008-100, the Commission stated that absent clear evidence, as determined by the Commission, that a non-Canadian news service will violate Canadian regulations,

such as those regarding abusive comment, the Commission will be predisposed to authorize non-Canadian news services for distribution in Canada.

Commission's analysis and decision

5. In the absence of opposing interventions and any evidence that the service would violate Canadian regulations, the Commission **approves** the application by Bell Canada to add NTN24 to the *List of non-Canadian programming services authorized for distribution* and amends the list accordingly. The list is available on the Commission's website at www.crtc.gc.ca under "Broadcasting Sector" and may be obtained in hard copy on request.
