CJMU-FM Bracebridge/Gravenhurst – Technical changes

1. The Commission **approves** the application by Bayshore Broadcasting Corporation (Bayshore) to change the authorized contours of the unlaunched English-language commercial radio programming undertaking CJMU-FM Bracebridge/Gravenhurst by relocating the transmitter, increasing the effective radiated power from 22,000 to 23,000 watts and decreasing the effective height of the antenna above average terrain from 69.5 to 65 metres. The Commission received an intervention supporting the application.
2. Bayshore explained that the approved transmitter site is no longer available.
3. Pursuant to section 22(1) of the *Broadcasting Act*, this authority will only be effective when the Department of Industry notifies the Commission that its technical requirements have been met and that a broadcasting certificate will be issued.
