### **Blue Ant – Discretionary services – Licence renewal – Correction**

1. The Commission **corrects** condition of licence 1 set out in Appendix 2 to *Blue Ant – Discretionary services – Licence renewal*, Broadcasting Decision CRTC 2018-291, 21 August 2018, by deleting an exception to the standard condition of licence for described video that was inadvertently included. The corrected condition of licence reads as follows:
  1. The licensee shall adhere to the conditions set out in the broadcasting licence for the undertaking as well as the conditions of licence set out in Appendix 2 to *Standard requirements for television stations, discretionary services, and on-demand services*, Broadcasting Regulatory Policy CRTC 2016-436, 2 November 2016, with the exception of condition of licence 19, which is replaced by the following:
    19. The licensee is authorized to make available for distribution standard definition and high definition versions of its service, provided that not less than 95% of the video and audio components of the high definition and standard definition versions of the service are the same, exclusive of commercial messages and of any part of the service carried on a subsidiary signal. Further, all of the programming making up the 5% allowance shall be provided in high definition.
