The Commission announces that it is introducing additional process in regard to the licence renewal applications being considered in the context of the proceeding initiated by Broadcasting Notice of Consultation 2019-379.

For any parties appearing at the oral phase of the proceeding who may have been asked to provide written responses to Commission questions at the hearing, unless otherwise specified by the Commission, the deadline for the filing of such undertakings is **3 February 2021**.

The Commission will accept final submissions from parties who have intervened in this proceeding, provided that a copy of a submission is also sent to the Corporation. Final submissions must be received by the Commission by no later than **24 February 2021**.

Should the Corporation wish to file a final reply with the Commission, it must do so by no later than **10 March 2021**.

Final submissions from intervening parties should each not exceed 10 pages. The Corporation's final reply should not exceed 20 pages. Whereas final submissions by intervening parties must address comments made only during the oral phase and in responses to undertakings, the final reply by the Corporation may also address comments made in the final submissions filed by parties. The Commission will not take into consideration comments dealing with any other matters; such comments will not form part of the record of this proceeding. In addition, the Corporation is not to introduce new evidence as part of its final reply.
