Northwestel Inc. – Final approval of a tariff application

1. The Commission **approves on a final basis** the following tariff application:

Applicant	Tariff Notice and description	Date of application	Effective date
Northwestel Inc.	TN 1054 Special Services Tariff – Introduction of 10 Mbps Enterprise Performance Service	25 July 2019	10 August 2019

2. The Commission received no interventions with respect to the application.
3. In accordance with the 2019 Policy Direction,¹ the Commission considers that this order, which is based on a complete record, can promote competition, affordability, consumer interests, and innovation. Specifically, as this customer is outside the serving area for the General Tariff Enterprise Performance Internet Service, final approval of this application will promote consumer interests, since it will ensure that this remote customer (i) will benefit from this symmetrical 10 Mbps Internet service and (ii) will have access to high quality, innovative service.
4. Revised tariff pages are to be issued within 10 calendar days of the date of this order. Revised tariff pages can be submitted to the Commission without a description page or a request for approval; a tariff application is not required.
