Broadband Fund Payment Order – Approval of final implementation reports – August 2024

1. The Commission approves final implementation reports submitted by the following broadband funding recipients as set out below. The Commission considers that the recipients have demonstrated that the projects are complete and that broadband services are being offered using the funded infrastructure. As set out in the relevant funding decisions, each recipient must file a project holdback report by the due dates set out below. Holdback funds will be released only once the recipient has demonstrated to the Commission's satisfaction that the recipient has been operating the network for one year in accordance with the conditions set out in its funding decision and described in its approved statement of work. Failure to comply with these conditions and requirements could result in holdback funds being delayed or not being disbursed.
