

Instructions

1. This report must be filed with the Commission by 30 November of each year. Upon receipt, the Commission will post the abridged version of the report on its website.
2. All financial information should be reported in thousands of dollars (\$000).
3. This report should be filed in both abridged and confidential versions in both Excel and PDF formats.
4. Ensure that information provided in this document is consistent with other CRTC filings when and where applicable (e.g. aggregate returns, annual return forms).
5. This report replaces the Programs of National Interest (PNI) Report for the large English- and French-language ownership groups.
6. This report must include all Canadian Programming Expenditures (CPE) categories except news and sports.
7. The "Aggregate Data," "OLMC Producers" and "Indigenous Producers" tabs must reflect the results for the entire group.
8. The total CPE figure for all services should match the aggregate amount found in the "Aggregate Data (Group)" tab. Some cells are colour coded to ensure consistency between forms. Please ensure that cells of the same colour are identical. The total amounts set out in the colour-coded cells on the per service "Details per program" tables must equal the matching cells on the "Aggregate Data" tab.
9. CPE should be reported on the basis of accrual accounting.
10. Any eligible credits for CPE (such as OLMC and Indigenous productions) should not be applied in this report. The report should only include actual expenditures.

Program Details by Service (see green tab)

11. Each discretionary service included in the group licence renewal decision must report on a separate tab. Therefore, unique "Details per program" tabs must be created for each licensed reporting service. Over-the-air stations may report on an aggregate basis.
12. Use the dropdown menus in the "Details per program" tab where applicable.
13. Independent and affiliated productions must be reported on a project-level basis. The columns related to budget information may be reported on an aggregate level for *in-house productions only*.
14. For certified productions, First and Second Lead Performers reported in the "Program Details" tab must align with the Canadian Audio-Visual Certification Office (CAVCO) and CRTC Program Certification definitions.
15. With respect to reporting on "showrunner", ensure that any person holding the title of showrunner in a production is identified as such and reported in the "Production Information" section of the "Program Details" tab. This data point should only be reported if applicable. Any form of duplication within the roles should be identified when they occur.

Definitions

****The following definitions should be used when completing this report****

Official language minority community (OLMC) producer: a company that meets the definition of “independent production company” and that, if operating in the province of Quebec, produces original English-language programming, or if operating outside of the province of Quebec, produces original French-language programming. (*Broadcasting Decision CRTC 2017-148*)

Clarification for OLMC Producer

To be considered an OLMC producer in Canada, a production company must:

(a) if it produces original programs in English, have its head office in Quebec and be owned and operated by a resident of Quebec;

(b) if it produces original programs in French, have its head office outside Quebec and be owned and operated by a resident outside of Quebec.

Indigenous producer: an individual who self-identifies as Indigenous, which includes First Nations, Métis or Inuit, and is a Canadian citizen or resides in Canada, or an independent production company in which at least 51% of the controlling interest is held by one or more individuals who self-identify as Indigenous and are Canadian citizens or reside in Canada. (*Broadcasting Decision CRTC 2017-148, footnote 5*)

Independent production company: a Canadian company carrying on business in Canada, with a Canadian business address, owned and controlled by Canadians, whose business is the production of film, videotape or live programs for distribution and in which the licensee or any company related to the licensee owns or controls, directly or indirectly, in aggregate, less than 30% of the equity. (*Referenced in 2011 Group-based licensing decisions*)

Affiliated production company: a Canadian company carrying on business in Canada, with a Canadian business address, owned and controlled by Canadians, whose business is the production of film, videotape or live programs for distribution and, in which, the licensee, or any company related to the licensee owns, in aggregate, a 30% or greater (voting) equity interest. (*Referenced in Guide to the CRTC Canadian Program Certification Application Process*)

Original, first-run program: original exhibition of a program that has not been broadcast or distributed by another licensed broadcasting undertaking. (*Discretionary Services Regulations, Television Broadcasting Regulations*)
